

Kimberly Fischer, COTA
Occupational Therapy
Assistant

Education

Grand Rapids Community College
Occupational Therapy Assistant

Specialty Interests

Most of my training and time as a COTA has been in Long-Term-Care settings, where I enjoy working with the geriatric population as well as various age groups receiving skilled rehab. Prior to working in Long-Term-Care, I have provided OT services to students in school settings as well as to patients receiving hospital inpatient and outpatient OT services.

Personal Facts

I have a long way to go before I'm ready, but I would like to complete a triathlon someday. I am married with two girls. I love Michigan summers and enjoy spending any free time at the lake.
